

# TOP 10 #SAFEGOLF #COVID-19 TIPS FOR CLUBS AND OPERATORS

Golf is "Safe to do" according to experts\*. As we work together to #SlowDownTheCurve during the COVID-19 challenge, many regular pastimes are not available. Team sports, gym, tennis, live sports and cultural events, meeting up in pubs or bars, parties, events etc, are all off the table at this time, for the good of all. Even following live sports on TV is substantially reduced with so many golf and other events cancelled or postponed. Golf has a unique opportunity to provide a welcome and safe escape and sense of balance - #SafeGolf. Share these tips with your community.

## CREATE A "PATH TO PLAY"

that avoids crowding and touch points ie. no club house bar, limited restaurant, hands-off check in procedure. Use temporary signage to guide your members and guests.

## OFFER TAKE HOME MEALS

to be booked with the round.  
(This keeps your F&B busy and helps your players reduce public shopping).

## GO CASHLESS

Provide cashless payment methods where possible.

## REMOVE BUNKER RAKES

Local rule: Players should self rake with their foot or club, to limit touch points.

## LIFT THE HOLE CUP 1 INCH / 2,5 CM UP OR TURN IT UPSIDE DOWN

This limits touch risks - any putts touching the cup are considered holed.

## REMOVE BALL WASHING STATIONS

or place out of usable areas.

## GRAB AND GO HALFWAY HOUSE - ON THE GO DRINKS

Limit touch points and provide on the go supplies - with your staff adhering to public health guidelines.

## EQUIP TEAM MEMBERS WITH GLOVES AND SANITIZER

Brief the team to always adhere to public health guidelines and practise distancing rules with members and guests.

## WALKING GOLF OR SINGLE RIDE

Walking golf is a great option - Carts to be used as single rider - unless immediate family. Wipe down carts for your members / guests.  
(Opportunity: You can offer to waive cart fees for a second cart on certain days).
