

# INDUSTRY FIRST **WINDTAG** MAPPING THE INVISIBLE HAZARD

## NEW INNOVATION

WindTag is a novel, industry-first innovation by Tagmarshal that shows players **hyperlocal, real-time wind speed and direction** on every green, as well as precise hole location.

No more “What is the wind doing?” while tossing grass into the air, or checking a distant flag and trees. Give your players **accurate, up-to-the-second wind intelligence and yardage** to make more birdies!

### WHY GOLFERS WILL LOVE WINDTAG!

- Real-time wind speed and direction to plan shots
- Precise distance to the hole to help choose the right club
- Live shot recommendations to account for wind around distance, club, trajectory and target

### HUGE BENEFIT TO COURSES, TOO!

- Wind and hole intelligence for your golfers will improve pace of play
- Real-time pin in/out tech tracks exactly when groups finish holes
- Daily hole locations automatically feed into Tagmarshal’s system
- Save labor hours for maximum operational efficiency
- Increased data for optimization strategies and pace of play management
